ACADEMIC EXPERIENCE

University of Hartford – *West Hartford, CT, United States*
Major: *Computer & Electronic Engineering Technology B.S - May 2027*
Dean's and President's List*: Spring 2023-Spring 2025*
Organization*: Vice President of Institute of Electrical and Electronics Engineers (IEEE)*
Study Abroad*: Konkuk University - Seoul, South Korea (Spring 2026)*

Relevant Courses:

- Artificial Intelligence
- Computer Interfacing
- System on Chip
- Differential Equations
- Programming Foundations
- Digital Devices/Circuits 1-2
- Language study
- Professional Writing

RELEVANT WORK EXPERIENCE

Incheon Robotics – *Seoul, South Korea*

UI/UX Intern *(3/2026-6/2026)*

- Created and tested navigation features for Warehouse Robot Kiosks and Controllers.
- Debugged front-end and back-end software.

AMD – *Austin, TX, United States*

System Validation Engineer: Intern *(9/2025-12/2025)*

- Performed bring-up hardware and software validation tests to ensure system reliability and compliance with client requirements.
- Worked to improve overall quality of delivered systems by 20% through debugging, test automation, and inspection.
- Researched cost-effective solutions for power management systems and debugging.

Marshalls – *Manchester, CT, United States*

Merchandise Associate *(6/2022-8/2025)*

- Managed inventory, assisted customers, and regulated operational safety.

Ministry of The Presidency - *Georgetown, Demerara-Mahaica, Guyana*

Bookkeeping Clerk *(7/2019-10/2019)*

- Processed cash receipts, invoices, statements and maintained financial ledgers.

PROFESSIONAL SKILLS

- *Project Management*
- *Cross-cultural collaboration*
- *Circuit design and assembly*
- *Programming Languages – (C, C++, Python, JavaScript & VHDL)*
- *System Debugging*
